UPDATE 5:43 PM PST

- The actors are so different from their characters! Yael (Petra) is apparently super nice in real life and Ivonne (Alba) is NOT a grandmother... go figure!
- The one thing the group says over and over again is that they are blessed. So genuine- can we be friends?
- Jennie Urman says that Louisa will be "coming back with a bang." **I totally called it!**

UPDATE 5:53 PM PST

- That girl just asked the best question ever..which was good because the guy before her did not.
Q: How does Jennie Urman write and depict the Latin community so well seeing as she's not a Latino?
A: You surround yourself with Latin staff and ask questions.
- In order to write for any community you must first "write for the human beings."
